Re: D.T.E. 01-20 Part A-B - Unbundled Network Elements

Dear Ms. Cottrell:

Enclosed please find an original and 10 copies of Verizon MA's Compliance Filing in the above-referenced proceeding. This filing is being made in accordance with the Department's May 29, 2002, Order and the revised procedural schedule dated June 5, 2003. The filing consists of the following major components:

- | | |
|----------------|---|
| Book 1: | A summary (Compliance Tracking Matrix) of all changes that Verizon MA made to its studies; a comparison of current vs. revised compliance rates; and relevant MA DTE No. 17 Tariff pages. |
| Books 2 and 3: | Compliance recurring cost studies. |
| Books 4 and 5: | Compliance non-recurring cost studies. |
| Book 6: | Compliance collocation studies |

Verizon MA is providing paper copies of Books 1 through 6 to the Department, the Attorney General, AT&T, WorldCom and the CLEC Coalition. All other parties are being served electronically. To the extent that parties require a paper copy, they should contact Verizon MA's Legal Department.

Finally, included in this filing are tariff provisions and rates for an alternative hot cut process (WPTS) that Verizon MA filed on February 13, 2003. Although the Department has indicated that it will open a new docket to review this alternative, several CLECs are already using the WPTS option. Accordingly, the Department should allow

the tariff to become effective on a prospective basis, subject to the Department's future investigation. Proceeding in this manner is appropriate since the option is beneficial to carriers who elect to use it and no carrier is prejudiced.

Sincerely,

Bruce P. Beausejour
